

The Afghan Hound Club of America

Proudly Presents  
The Thirty-Fourth

**2023 Breeders' Cup  
Catalog  
March 17, 2023**

**PUPPY GO ROUND**

2023 AHCA  
**BREEDERS' CUP**  
MARCH 17, 2023  
YORK, PA

*I would like to Thank all the Breeders and Exhibitors, for this Once in a lifetime opportunity, to judge this 2023 National Breeders' Cup! Thank you also, to our Chairs... Amy Mero and Erica Jantos.....*

*We, as Breeders, understand fully, the commitment that goes into breeding and whelping, a litter. It's an emotional roller coaster ride, to many of us, before, during and afterwards! Throughout the good times and bad, this is what we do.*

*There is one thing in this world, you cannot buy... Time. Our world revolves around this beautiful hound. Many of us, have devoted our entire adult lives, to the care and welfare, of our beloved "King of Dogs", THE AFGHAN HOUND!*

*Thank you all, again... Have fun and now..... IT'S SHOWTIME!!!!!!*

*Sincerely,*

*David Giordano (and Mary Ann)*

*My Way Afghans*

## Breed Standard

### General Appearance

The Afghan Hound is an aristocrat, his whole appearance one of dignity and aloofness with no trace of plainness or coarseness. He has a straight front, proudly carried head, eyes gazing into the distance as if in memory of ages past. The striking characteristics of the breed-exotic, or "Eastern," expression, long silky topknot, peculiar coat pattern, very prominent hipbones, large feet, and the impression of a somewhat exaggerated bend in the stifle due to profuse trouserings-stand out clearly, giving the Afghan Hound the appearance of what he is, a king of dogs, that has held true to tradition - out the ages.

### Head

The head is of good length, showing much refinement, the skull evenly balanced with the foreface. There is a slight prominence of the nasal bone structure causing a slightly Roman appearance, the center line running up over the foreface with little or no stop, falling away in front of the eyes so there is an absolutely clear outlook with no interference; the underjaw showing great strength, the jaws long and punishing; the mouth level, meaning that the teeth from the upper jaw and lower jaw match evenly, neither overshot nor undershot. This is a difficult mouth to breed. A scissors bite is even more punishing and can be more easily bred into a dog than a level mouth, and a dog having a scissors bite, where the lower teeth slip inside and rest against the teeth of the upper jaw, should not be penalized. The occipital bone is very prominent. The head is surmounted by a topknot of long silky hair. **Ears**--The ears are long, set approximately on level with outer corners of the eyes, the leather of the ear reaching nearly to the end of the dog's nose, and covered with long silky hair. **Eyes**--The eyes are almond-shaped (almost triangular), never full or bulgy, and are dark in color. **Nose**--Nose is of good size, black in color. **Faults**--Coarseness; snippiness; overshot or undershot; eyes round or bulgy or light in color; exaggerated Roman nose; head not surmounted with topknot.

### Neck

The neck is of good length, strong and arched, running in a curve to the shoulders which are long and sloping and well laid back. **Faults**--Neck too short or too thick; a ewe neck; a goose neck; a neck lacking in substance.

### Body

The back line appearing practically level from the shoulders to the loin. Strong and powerful loin and slightly arched, falling away toward the stern, with the hipbones very pronounced; well ribbed and tucked up in flanks. The height at the shoulders equals the distance from the chest to the buttocks; the brisket well let down, and of medium width. **Faults**--Roach back, swayback, goose rump, slack loin; lack of prominence of hipbones; too much width of brisket, causing interference with elbows.

### Tail

Tail set not too high on the body, having a ring, or a curve on the end; should never be curled over, or rest on the back, or be carried sideways; and should never be bushy.

## Legs

Forelegs are straight and strong with great length between elbow and pastern; elbows well held in; forefeet large in both length and width; toes well arched; feet covered with long thick hair; fine in texture; pasterns long and straight; pads of feet unusually large and well down on the ground. Shoulders have plenty of angulation so that the legs are well set underneath the dog. Too much straightness of shoulder causes the dog to break down in the pasterns, and this is a serious fault. All four feet of the Afghan Hound are in line with the body, turning neither in nor out. The hind feet are broad and of good length; the toes arched and covered with long thick hair; hindquarters powerful and well-muscled, with great length between hip and hock; hocks are well let down; good angulation of both stifle and hock; slightly bowed from hock to crotch. **Faults**--Front or back feet thrown outward or inward; pads of feet not thick enough; or feet too small; or any other evidence of weakness in feet; weak or broken-down pasterns; too straight in stifle; too long in hock.

## Coat

Hindquarters, flanks, ribs, forequarters, and legs well covered with thick, silky hair, very fine in texture; ears and all four feet well feathered; from in front of the shoulders; and also backwards from the shoulders along the saddle from the flanks and the ribs upwards, the hair is short and close, forming a smooth back in mature dogs - this is a traditional characteristic of the Afghan Hound. The Afghan Hound should be shown in its natural state; the coat is not clipped or trimmed; the head is surmounted (in the full sense of the word) with a topknot of long, silky hair - that is also an outstanding characteristic of the Afghan Hound. Showing of short hair on cuffs on either front or back legs is permissible. **Fault**--Lack of shorthaired saddle in mature dogs.

## Height

Dogs, 27 inches, plus or minus one inch; bitches, 25 inches, plus or minus one inch.

## Weight

Dogs, about 60 pounds; bitches, about 50 pounds.

## Color

All colors are permissible, but color or color combinations are pleasing; white markings, especially on the head, are undesirable.

## Gait

When running free, the Afghan Hound moves at a gallop, showing great elasticity and spring in his smooth, powerful stride. When on a loose lead, the Afghan can trot at a fast pace; stepping along, he has the appearance of placing the hind feet directly in the footprints of the front feet, both thrown straight ahead. Moving with head and tail high, the whole appearance of the Afghan Hound is one of great style and beauty.

## Temperament

Alloof and dignified, yet gay. **Faults**--Sharpness or shyness.

All rosettes, trophies, and cash prizes will be awarded to the person handling the dog in the ring. It is intended that breeders get the trophies and cash, while owners get the rosettes. Distribution is the responsibility of the individuals involved. Handlers, other than Breeder/Handlers, do not keep the cash.

David Giordano

I purchased my first Afghan Hound, in 1977. My wife MaryAnn and I have been breeding and showing for over 40 years. Even though, we have bred a small number of litters, we have finished over 40 Afghan Hounds under the Prefix "My Way" Afghans. I have to mention, 10 were finished from Bred by Exhibitor class, which is very near and dear to us. We have showed our dogs in every part of the country. It was much easier to fly into dog shows, years ago!

I have judged many Specialty Sweeps throughout the years. In 2000, I was fortunate, to be selected from the Afghan Hound Club of America membership, to judge the National Sweepstakes, with the entry of 98.

We have both had a great opportunity to show other hounds, throughout the years. In the past, I have judged Saluki and Borzoi Specialty Sweeps, and All Hounds, at several All-Breed matches, including Best in Show.

Currently, I am Vice president of the Afghan Hound Club of Northern New Jersey and a member, of the Afghan Hound Club of America. During the years, I have served on many committees, such as the parent Club nominating committee, Master of Ceremonies, and Chairman of the National Breeders' Cup.

Thank you and Good Luck to All Exhibitors!
