Program of Judging

JUDGING STARTS PROMPTLY AT THE HOUR APPOINTED AND WILL CONTINUE WITHOUT INTERMISSION UNTIL THE JUDGE HAS COMPLETED HIS OR HER ASSIGNMENTS FOR THE SESSION.

During the hours of judging, owners and handlers are requested to have their dogs at the ringside when their classes are called so that the judging may not be retarded.

JUDGES SHALL NOT WAIT FOR ANY DOG HOLDING UP A CLASS. It is the responsibility of the exhibitor to have his dog ready to be shown and at the entrance of the judging ring when the class is called. Owners or handlers of the dogs alone are responsible for the presence of their dogs in the judging rings. It is not the responsibility of the ring steward or ring runner to locate any dog, its owner and/or handler when the dog's presence is needed in the judging ring.

11 A.M. — Judge: Mrs. Braden Finch — Afghan Hounds

STANDARD FOR THE AFGHAN HOUND

Submitted by the Afghan Hound Club of America

Approved by Board of Directors of American Kennel Club,
September 1948

GENERAL APPEARANCE:

The Afghan Hound is an aristocrat, his whole appearance one of dignity and aloofness with no trace of plainness or coarseness. He has a straight front, proudly carried head, eyes gazing into the distance as if in memory of ages past. The striking characteristics of the breed—exotic or 'Eastern' expression, long silky topknot, peculiar coat pattern, very prominent hip bones, large feet, and the impression of a somewhat exaggerated bend in the stifle due to profuse trouserings—stand out clearly giving the Afghan Hound the appearance of what he is, a King of Dogs, that has held true to tradition throughout the ages.

HEAD:

The head is of good length showing much refinement, the skull evenly balanced with the foreface. There is a slight prominence of the nasal bone structure causing a slight Roman appearance, the center line running up over the foreface with little or no stop, falling away in front of the eyes so there is an absolutely clear outlook with no interference; the underjaw showing great strength, the jaws long and punishing; the mouth level, meaning that the teeth from the upper jaw and lower jaw match evenly neither overshot nor undershot. (This is a difficult mouth to breed. A scissors bite is even more punishing and can be more easily bred into a dog than a level mouth, and a dog having a scissors bite, where the lower teeth slip inside and rest against the teeth of the upper jaw should not be penalized). The occipital bone is very prominent. The head is surmounted by a topknot of long, silky hair.

EARS:

The ears are long, set approximately on level with outer corners of the eyes, the leather of the ear reaching nearly to the end of the dog's nose and covered with long, silky hair.

EYES:

The eyes are almond shaped (almost triangular), never full or bulgy and they are dark in color.

NOSE:

The nose is of good size, black in color.

FAULTS: Coarseness; snipiness; overshot or undershot; eyes round or bulgy or light in color; exaggerated Roman nose; head not surmounted with topknot.

NECK:

The neck is of good length, strong and arched, running in a curve to the shoulders which are long and sloping and well laid back.

FAULTS: Neck too short or too thick; a ewe neck; a goose neck, a neck lacking substance.

BODY:

The back line appears practically level from the shoulders to the loin, strong and powerful loin and slightly arched, falling away toward the stern, with the hip bones very pronounced; well ribbed and tucked up in flanks. The height at the shoulders equals the distance from the chest to the buttocks; the brisket well let down and of medium width.

FAULTS: Reach back; sway back; goose rump; slack loin; lack of prominence of hip bones; too much width of brisket causing interference with elbows.

TAIL:

The tail is set not too high on the body, having a ring or a curve on the end. It should never be curled over, or rest on the back, or be carried sideways, and is never bushy.

LEGS:

The forelegs are straight and strong with great length between elbow and pastern; elbows well held in; forefeet large in both length and width, toes well arched; feet covered with long, thick hair, fine in texture; pasterns long and straight; pads of feet unusually large and well down on the ground. Shoulders have plenty of angulation so that the legs are well set underneath the dog. Too much straightness of shoulder causes the dog to break down in the pasterns, and this is a serious fault.

All four feet of the Afghan Hound are in line with the body turning neither in or out. The hind feet are broad and of good length; the toes are arched, and covered with long, thick hair; hindquarters powerful and well muscled with great length between hip and hock; hocks are well let down, good angulation of both stifle and hock; slightly bowed from hock to crotch.

FAULTS: Front or back feet thrown outward or inward; pads of feet not thick enough; feet too small; or any other evidence of weakness in the feet; weak or broken down pasterns; too straight in stifle, too long in hock.

COAT:

Hindquarters, flanks, ribs, forequarters, and legs are well covered with thick, silky hair, very fine in texture; ears and all four feet well feathered. From in front of the shoulders, and also backwards from the shoulders along the saddle from the flanks and ribs upwards, the hair is short and close, forming a smooth back in mature dogs—this is a traditional characteristic of the Afghan Hound.

The Afghan Hound is shown in its natural state; the coat is not clipped or trimmed; the head is surmounted (in the full sense of the word) with a topknot of long, silky hair—this also an outstanding characteristic of the Afghan Hound. Showing of short hair on cuffs on either front or back legs is permissible.

FAULTS: Lack of short haired saddle in mature dogs.

HEIGHT:

Dogs, 27 inches, plus or minus one inch.

Bitches, 25 inches, plus or minus one inch.

WEIGHT:

Dogs, about sixty pounds.

Bitches, about fifty pounds.

COLOR:

All colors are permissible, but color or color combinations are pleasing. White markings, especially on the head, are undesirable.

GAIT:

When running free, the Afghan Hound moves at a gallop, showing great elasticity and spring in his smooth, powerful stride.

When on a loose lead, the Afghan can trot at a fast pace. Stepping along, he has the appearance of placing the hind feet directly in the foot prints of the front feet, both thrown straight ahead. Moving with head and tail high, the whole appearance of the Afghan Hound is one of great style and beauty.

TEMPERAMENT:

Aloof and dignified, yet gay.

FAULTS: Sharpness or shyness.

Welcome always to all Afghanites here at Dureigh — home of Champions "Dark Victory," his daughter "Dragon Lady" (winner of three Specialties and Best of Opposite at AHCA 1962) and "High and Mighty," "Golden Harvest" and "Tall, Dark 'N Hansum" to name a few of the 50 or more champions descending from our Ch. Bey Bombay of Five Miles.

Reigh and Dewey Abram

The Incomparable Khalifah

CH. CROWN CREST KHALIFAH

See the pride and joy of SAHADI at today's show of shows! Our incomparable Khalifah was top-producing Afghan bitch for 1961-62, and one of 15 in all breeds according to Popular Dogs magazine. Khalifah has produced 9 champions so far out of three litters (by Taejon, Shir Khan, and Ch. C.C. Jesi Jhalmz) with three more with major championship points, and four others still to be shown! She is the dam of Specialty Show and Group winners, and the dam of the Best of Winners dog, and Best Bred by Exhibitor dog at this Specialty show last year. The breed has given a lot to Khalifah and Khalifah has given a lot back to the breed. Therefore, we eagerly anticipate her fourth litter this May!

Secretary	Miss Joyce Evans

1582 Rancho View Dr., Lafayette, Calif.

May They Always Be Worthy of Their Heritage

Our Ch. Ivar den Salome with 7-week puppies who all became champions later on.

May We Always Be Worthy of Them

Mr. and Mrs. Samuel B. Magill
 Fort Washington, Pa.

Afghans Only Since 1948

BELDEN "BLU BLOOD" KENNELS

Established 1942

*(6 homebred finished last year
 4 Afghans, 2 Cocker Spaniels)*

"Johnny," our big houndy b/m platinum silver, regrets being absent for these two great shows. A win or a lose under those "great ladies," Kay Finch and Bea Godsol, is a boost for the benefit of the breed.

CH. BELDEN BALI HI

(Ch. C. C. Vegas Ghamblr of Belden, sire of 7 chs.)

His latest 1963 wins, owner-shown:

Best of Breed, Rockford, Parham and 4 GR.

Best of Breed, Wheaton, Frohlick and 3 GR, Percy Roberts

Best of Breed, Milwaukee, Dr. Rex Foster and 1st GR, Schoenberg

We also value that good Best of Breed win at Chagrin Valley under Major Godsol, his first time out, as a special; and the Best of Breed at Lake Shore under Robt. Waters, which started his championship of BBs over specials at 4 of his 5 shows to complete his title.

LEO D. GOODMAN

Rt. 1, Box 302

Chicago Heights, Ill.
