Really good Afghan Hounds are generally available from members of the Afghan Hound Club of America who have as their common objective the preservation and improvement of this spectacular breed. For healthy dogs of the correct type and from the best bloodlines, be sure to buy from an Afghan Hound Club of America member. Write to the Secretary for the name of the nearest one.

I hereby certify to the correctness of the within marked awards and absentees, as taken from the judges' books.

Superintendent or Show Secretary.

PROGRAM OF JUDGING

JUDGING WILL CONTINUE WITHOUT INTERMISSION UNTIL THE JUDGE HAS COMPLETED HIS OR HER ASSIGNMENTS FOR THE SESSION. JUDGES SHALL NOT WAIT FOR ANY DOG HOLDING UP A CLASS.

IT IS THE RESPONSIBILITY of the exhibitor to have his dog ready to be shown and at the entrance of the judging ring when the class is scheduled to be judged. Owners or handlers of the dogs alone are responsible for the presence of their dogs in the judging rings. It is not the responsibility of the ring steward or ring runner to locate any dog, its owner and/or handler when the dog's presence is needed in the judging ring.

12 Noon — Judge: Mr. Cyrus K. Rickel — Afghan Hounds

STANDARD FOR THE AFGHAN HOUND

Submitted by the Afghan Hound Club of America

Approved by Board of Directors of American Kennel Club,
September 1948

GENERAL APPEARANCE:

The Afghan Hound is an aristocrat, his whole appearance one of dignity and aloofness with no trace of plainness or coarseness. He has a straight front, proudly carried head, eyes gazing into the distance as if in memory of ages past. The striking characteristics of the breed—exotic or 'Eastern' expression, long silky topknot, peculiar coat pattern, very prominent hip bones, large feet, and the impression of a somewhat exaggerated bend in the stifle due to profuse trouserings—stand out clearly giving the Afghan Hound the appearance of what he is, a King of Dogs, that has held true to tradition throughout the ages.

HEAD:

The head is of good length showing much refinement, the skull evenly balanced with the foreface. There is a slight prominence of the nasal bone structure causing a slight Roman appearance, the center line running up over the foreface with little or no stop, falling away in front of the eyes so there is an absolutely clear outlook with no interference; the underjaw showing great strength, the jaws long and punishing; the mouth level, meaning that the teeth from the upper jaw and lower jaw match evenly neither overshot nor undershot. (This is a difficult mouth to breed. A scissors bite is even more punishing and can be more easily bred into a dog than a level mouth, and a dog having a scissors bite, where the lower teeth slip inside and rest against the teeth of the upper jaw, should not be penalized). The occipital bone is very prominent. The head is surmounted by a topknot of long, silky hair.

EARS:

The ears are long, set approximately on level with outer corners of the eyes, the leather of the ear reaching nearly to the end of the dog's nose, and covered with long, silky hair.

EYES:

The eyes are almond shaped (almost triangular), never full or bulgy, and they are dark in color.

NOSE:

The nose is of good size, black in color.

FAULTS: Coarseness; snipiness; overshot or undershot; eyes round or bulgy or light in color; exaggerated Roman nose; head not surmounted with topknot.

NECK:

The neck is of good length, strong and arched, running in a curve to the shoulders which are long and sloping and well laid back.

FAULTS: Neck too short or too thick; a ewe neck; a goose neck, a neck lacking substance.

BODY:

The back line appears practically level from the shoulders to the loin, strong and powerful loin and slightly arched, falling away toward the stern, with the hip bones very pronounced; well ribbed and tucked up in flanks. The height at the shoulders equals the distance from the chest to the buttocks; the brisket well let down and of medium width.

FAULTS: Roach back; sway back; goose rump; slack loin; lack of prominence of hip bones; too much width of brisket causing interference with elbows.

TAIL:

The tail is set not too high on the body, having a ring or a curve on the end. It should never be curled over, or rest on the back, or be carried sideways, and is never bushy.

LEGS:

The forelegs are straight and strong with great length between elbow and pastern; elbows well held in; forefeet large in both length and width; toes well arched; feet covered with long, thick hair, fine in texture; pasterns long and straight; pads of feet unusually large and well down on the ground. Shoulders have plenty of angulation so that the legs are well set underneath the dog. Too much straightness of shoulder causes the dog to break down in the pasterns, and this is a serious fault.

All four feet of the Afghan Hound are in line with the body, turning neither in or out. The hind feet are broad and of good length; the toes arched, and covered with long, thick hair; hindquarters powerful and well muscled with great length between hip and hock; hocks are well let down; good angulation of both stifle and hock; slightly bowed from hock to crotch.

FAULTS: Front or back feet thrown outward or inward; pads of feet not thick enough; feet too small; or any other evidence of weakness in the feet; weak or broken down pasterns; too straight in stifle; too long in hock.

COAT:

Hindquarters, flanks, ribs, forequarters, and legs are well covered with thick, silky hair, very fine in texture; ears and all four feet well feathered. From in front of the shoulders, and also backwards from the shoulders along the saddle from the flanks and ribs upwards, the hair is short and close, forming a smooth back in mature dogs—this is a traditional characteristic of the Afghan Hound.

The Afghan Hound is shown in its natural state; the coat is not clipped or trimmed; the head is surmounted (in the full sense of the word) with a topknot of long, silky hair—this also an outstanding characteristic of the Afghan Hound. Showing of short hair on cuffs on either front or back legs is permissible.

FAULTS: Lack of short haired saddle in mature dogs.

HEIGHT:

Dogs, 27 inches, plus or minus one inch.

Bitches, 25 inches, plus or minus one inch.

WEIGHT:

Dogs, about sixty pounds.

Bitches, about fifty pounds.

COLOR:

All colors are permissible, but color or color combinations are pleasing. White markings, especially on the head, are undesirable.

GAIT:

When running free, the Afghan Hound moves at a gallop, showing great elasticity and spring in his smooth, powerful stride.

When on a loose lead, the Afghan can trot at a fast pace. Stepping along, he has the appearance of placing the hind feet directly in the foot prints of the front feet, both thrown straight ahead. Moving with head and tail high, the whole appearance of the Afghan Hound is one of great style and beauty.

TEMPERAMENT:

Aloof and dignified, yet gay.

FAULTS: Sharpness or shyness.

Ch. Ammon Hall Hundred Proof

by

Ch. Holly Hill Black Magic ex Ammon Hall Jezebel

"Pru" stepped into B.O.B. spotlight over B.I.S. competition on her first time out as a special. This showy brindle started her her career with W.B., B.O.W. B.O.S. for a 5 pt. major at Midwest Specialty. Then on to W.B., B.O.W. from the classes at both Kittanning and Sewickley, Pa. Pru finished her championship at the Southwestern Ohio Specialty going W.B., B.O.W. for her second 5 Pt. major. Always Owner-Handled

At Stud—Ch. Talk of Town of Tercaj. Self Masked Red, Typey, Sound, Silky Coat, Fine Temperament. Combines Best of Hilly Hill and Ammon Hall Lines. Pictures and Pedigree on Request.

AMMON HALL

The Beautiful Black Bitch — Morella !

1967 was a most rewarding year at Ammon Hall. Three Specialty Best Puppy. Best in Sweepstakes awards for two different youngsters; two bitches winning three BB from the classes over heavily campaigned male specilas; two Specialty BW wins; three 5 pt. majors won by litter sisters. We've been most fortunate in placing these puppies in homes where the owners gave so much of themselves.

Of the eight Ammon Hall Afghans shown in 1967 six won their titles, the seventh won points at her only two shows and the eight lacks but a few points. Each is owned by a new Afghanite. Congratulations all!

This spring we expect litters of Morella and her lovely litter sister, Ligeia. They are tightly bred bitches whose pedigrees are concentrated on the top producing bitch lines in the country. We are most pleased to have been able to obtain thes two very typy daughters of an unshown Judas litter sister. Pictures and pedigrees on request.

Join to present
the "MYSTIC EAST" Litter

An impressive show record combined with a gay and outgoing personality are the trademarks of Ch. Holly Hill Sultan. never speialed, he won FROM THE CLASSES—BIS at the AHC of GC (110 entries), BB and group 1st. at the Chicago International (459 entries) to finish at 16 months. Sultan is proving a most popular stud choice, his pups look good.

We leased Hex for this breeding with Sultan. We feel it will be a winning combination. Hex is the dam of Specialty BIS and group winning Ch. Altai Ataturk and Ch. Aryan Boomerang, this 18 month old is a Can. BIS winner. A third son, Don Juan, is compiling quite a record in the classes.

We are weaning these fat, sassy, healthy babies. Show prospects will be available at 4 months when we can easily ascertain their quality. For information contact:

Ch. Holly Hill Sultan

Pictured at 16 mos. winning BB — 1966 Int'l.

Although Sultan's primary function is that of beloved companion and pet, he is one of the most sought after young studs in the country.

His stunning show record indicates the reason for his popularity. He has that illusive blending of type and houndiness coupled with great eyecatching showmanship and style. His pups are well coated, short coupled and well angulated fore and aft. Many have also inherited his tremendously long lean muzzle and rich coloring.

Even though it is difficult to do so, we've had to refuse stud services to some bitches. We feel it is not fair to service more than two bitches in any seven day period. Therefore, those who have reserved stud services must have first preference. We urge all those who plan to incorporate Sultan into their breeding program to write and reserve a service.

Fee \$150. plus \$25. Board
