Breed Standard

General Appearance

The Afghan Hound is an aristocrat, his whole appearance one of dignity and aloofness with no trace of plainness or coarseness. He has a straight front, proudly carried head, eyes gazing into the distance as if in memory of ages past. The striking characteristics of the breed-exotic, or "Eastern," expression, long silky topknot, peculiar coat pattern, very prominent hipbones, large feet, and the impression of a somewhat exaggerated bend in the stifle due to profuse trouserings-stand out clearly, giving the Afghan Hound the appearance of what he is, a king of dogs, that has held true to tradition - out the ages.

Head

The head is of good length, showing much refinement, the skull evenly balanced with the foreface. There is a slight prominence of the nasal bone structure causing a slightly Roman appearance, the center line running up over the foreface with little or no stop, falling away in front of the eyes so there is an absolutely clear outlook with no interference; the underjaw showing great strength, the jaws long and punishing; the mouth level, meaning that the teeth from the upper jaw and lower jaw match evenly, neither overshot nor undershot. This is a difficult mouth to breed. A scissors bite is even more punishing and can be more easily bred into a dog than a level mouth, and a dog having a scissors bite, where the lower teeth slip inside and rest against the teeth of the upper jaw, should not be penalized. The occipital bone is very prominent. The head is surmounted by a topknot of long silky hair. **Ears**--The ears are long, set approximately on level with outer corners of the eyes, the leather of the ear reaching nearly to the end of the dog's nose, and covered with long silky hair. **Eyes**--The eyes are almond-shaped (almost triangular), never full or bulgy, and are dark in color. **Nose**--Nose is of good size, black in color. **Faults**--Coarseness; snippiness; overshot or undershot; eyes round or bulgy or light in color; exaggerated Roman nose; head not surmounted with topknot.

Neck

The neck is of good length, strong and arched, running in a curve to the shoulders which are long and sloping and well laid back. **Faults**--Neck too short or too thick; a ewe neck; a goose neck; a neck lacking in substance.

Body

The back line appearing practically level from the shoulders to the loin. Strong and powerful loin and slightly arched, falling away toward the stern, with the hipbones very pronounced; well ribbed and tucked up in flanks. The height at the shoulders equals the distance from the chest to the buttocks; the brisket well let down, and of medium width. **Faults**--Roach back, swayback, goose rump, slack loin; lack of prominence of hipbones; too much width of brisket, causing interference with elbows.

Tail

Tail set not too high on the body, having a ring, or a curve on the end; should never be curled over, or rest on the back, or be carried sideways; and should never be bushy.

Legs

Forelegs are straight and strong with great length between elbow and pastern; elbows well held in; forefeet large in both length and width; toes well arched; feet covered with long thick hair; fine in texture; pasterns long and straight; pads of feet unusually large and well down on the ground. Shoulders have plenty of angulation so that the legs are well set underneath the dog. Too much straightness of shoulder causes the dog to break down in the pasterns, and this is a serious fault. All four feet of the Afghan Hound are in line with the body, turning neither in nor out. The hind feet are broad and of good length; the toes arched, and covered with long thick hair; hindquarters powerful and well muscled, with great length between hip and hock; hocks are well let down; good angulation of both stifle and hock; slightly bowed from hock to crotch. **Faults**--Front or back feet thrown outward or inward; pads of feet not thick enough; or feet too small; or any other evidence of weakness in feet; weak or broken down pasterns; too straight in stifle; too long in hock.

Coat

Hindquarters, flanks, ribs, forequarters, and legs well covered with thick, silky hair, very fine in texture; ears and all four feet well feathered; from in front of the shoulders; and also backwards from the shoulders along the saddle from the flanks and the ribs upwards, the hair is short and close, forming a smooth back in mature dogs - this is a traditional characteristic of the Afghan Hound. The Afghan Hound should be shown in its natural state; the coat is not clipped or trimmed; the head is surmounted (in the full sense of the word) with a topknot of long, silky hair - that is also an outstanding characteristic of the Afghan Hound. Showing of short hair on cuffs on either front or back legs is permissible. **Fault**--Lack of shorthaired saddle in mature dogs.

Height

Dogs, 27 inches, plus or minus one inch; bitches, 25 inches, plus or minus one inch.

Weight

Dogs, about 60 pounds; bitches, about 50 pounds.

Color

All colors are permissible, but color or color combinations are pleasing; white markings, especially on the head, are undesirable.

Gait

When running free, the Afghan Hound moves at a gallop, showing great elasticity and spring in his smooth, powerful stride. When on a loose lead, the Afghan can trot at a fast pace; stepping along, he has the appearance of placing the hind feet directly in the foot prints of the front feet, both thrown straight ahead. Moving with head and tail high, the whole appearance of the Afghan Hound is one of great style and beauty.

Temperament

Aloof and dignified, yet gay. **Faults**--Sharpness or shyness.

Gary Lennon

I have been involved with afghan hounds since 1987. I was immediately attracted to the breed's style, presence, and independent nature, and have been involved in confirmation, coursing, and as companions. Being involved in such a great breed, it has allowed me to meet people from across the world, many of which are great friends. I am a proud member of the Afghan Hound Club of America. I have bred and shown many Wynsyr afghan hounds, and have been fortunate to be part of a successful team and to have Bill Pfeffer, Scott Pfeil, & Peg Yeloushan. My most thrilling conformation show was the New Orleans National 1993 week, where SBIS Wynsyr Wizard of Labyrinth went WD under Glorvina Schwartz, then Best in Sweeps under Jay Hafford, and an AOM under Lou Guerrero. I thank the Nutmeg Afghan Hound Club for asking me to judge their sweeps and look forward to seeing beautiful afghan hounds.

Regards,
Gary

Ann Egan
North Point Farm

Ann Egan started showing dogs in 1972 when she was seven years old and got her first dog, a Golden Retriever. Ann worked with Afghan Hound breeder, Mary Morgan of Tamora Kennels early on and credits Mary with getting her hooked on dog shows! At sixteen, Ann obtained her AKC handlers card and was showing all breeds in the sporting group.

One of the original members of the York Junior Kennel (York, PA), Ann held several offices within the club and has fond memories of everyone she worked with. In 1992, Ann applied for and obtained her Junior Showmanship Judging card.

While not currently active in showing dogs herself, Ann currently breeds, trains and shows champion Percheron horses at North Point Farm (www.northpointfarm.com) which she and her husband own together. In addition to show horses, the farm is home to an international semen export center and has clients in the European Union, Australia and Canada as well as the United States. Ann and her husband Tim and eleven-year-old son Jack, live in Litchfield, CT.

David Cochrane
Abashagh Afghans

I've been involved in the breed for over 35 years, marrying into the Abashagh bloodline in 1975. Abashagh's first litter included the top producing CH Sasha of Scheherezade.

Other notable dogs are BIS CH Abashagh Mr. Tambourine Man, and his litter sister Mecca's Turandot of Abashagh who was the dam of the legendary top-producing CH Mecca's Falstaff, SBIS CH Abashagh Mahabharata, Group winner CH Abashagh Sandstorm and multi BIS winner CH Abashagh Antares of Dayspring.

Although it's been over 25 years since we've bred a litter, we've remained active in the breed with a little help from our friends. Special thanks to Linda & Greg Korstad - Limited Edition; Jim & Debra Schellhorn - Landwehr; Steve Kelly - Electra, LouAnne Vaughn - Amare & Jason & Jennifer Taylor - Jolie for trusting us with some of their best.
